Collision of Relaxed Regulation, Small Business and the Economy, a White Paper snapshot of the current economic, ethical and political environment for small business SOX compliance in the new Obama Administration. The Tipping Point provides a sobering post-mortem case study of a small, high technology public company that, according to a well-informed financial insider, "could have been saved if it had been complying with Section 404." The company,

which received millions of dollars in investor capital during years of SOX deadline extensions, filed for bankruptcy and left a painful trail of financial destruction among investors, employees and suppliers.
